W.W. Rawson & Co.

Is the only firm in Boston doing an exclusive business in

SEEDS, BULBS
AND PLANTS

WITH A SALESROOM ON THE GROUND FLOOR

THE BEST OF FACILITIES FOR SHOWING GOODS

GREENHOUSES AT ARLINGTON, where we grow the plants we sell.

OUR STORE situated directly opposite the Old Faneuil Hall, just at the beginning of the market district, is of easy access from Washington or State Street without going through the crowded part of the market, so objectionable to many of our lady customers especially.

PLANT DEPARTMENT

Several large greenhouses have been added to our plant at Arlington, which will be used exclusively in growing plants for the retail trade. Bedding plants in spring a specialty.

SHIPPING

A large room on second floor is devoted to packing and shipping of goods. It is entirely separate, and has every facility necessary for the prompt despatch of goods by express or freight.

The Black Spot shown in center of diagram represents our store. The darker lines show the most direct way from the several railroad stations to our new location, which, as you will see, is in the center of the Hub.

12 and 13 Faneuil Hall Square, Boston, Mass.
10 class of Flowering Plants

Are easier to grow and sure to bloom than those produced by bulbs; whether grown in pots or boxes in the houses during the winter, or planted in the open ground for early spring blooming, the simplest culture being awarded by vigorous growth and abundant flowers.

Crocus, Scillas, Snowdrops, if planted in the fall in sunny locations will in the spring produce their fine colored flowers usually before the snow is gone from the more secluded spots in early March; and during April and May the same beds may be made brilliant and charming by the lovely Hyacinths, Tulips, Daffodils, etc., which make a display of floral beauty rarely equalled.

For out-of-doors planting the sooner after the first of October the bulbs are in the ground the better will be the results in the flowering when spring comes.

Don't wait, but send us your order

As soon as you can after receiving this catalogue. You will then receive the varieties you desire and better bulbs, being perfectly sound; while if left until later there is always a tendency towards reduced vitality, when such good results are not obtained.

Remittances should be made either in Express Money Orders, Post-office Orders, Registered Letters, or by draft on New York or Boston. Post-office Orders are preferable to all others, as there is no possibility of loss; but when these cannot be obtained Registered Letters are surest to reach their destination. We will guarantee the safe arrival of all packages when sent by express.

In giving orders, please state explicitly by what conveyance they are to be forwarded. When no particular route is designated, we forward according to the best of our judgment.

Orders from unknown correspondents must be accompanied by a remittance or a satisfactory Boston reference. In making a remittance purchasers will please be particular and send a sufficient amount to cover their orders. When only a part of the amount is remitted, goods will be sent only to the amount of the remittance.

We make no charge for packing and shipping.
...HYACINTHS

GARDEN CULTURE

First see that your ground is properly spaded and plenty of stable manure or fertilizer put on. Plant in any good garden soil about Oct. 1, and place the bulbs about six inches apart and four inches below the surface, if in light, sandy soil, and if heavy, clayey soil, four inches is better. After the ground has frozen one or two inches, cover with old leaves about six inches, and be sure that at least a foot either side of bed is covered. If leaves are not convenient, cover with anything you have and place boards over to keep from blowing away. In the spring, on the approach of warm weather, the covering should be gradually removed, as the plants will be above ground before the frost is out of unprotected places. To guard against injury from late frosts, a covering of some sort should be in readiness to put on. The size of your flower will depend largely on the richness of the soil.

CULTURE IN POTS

There is no bulb that is more easily managed or gives better satisfaction when grown in pots than the Hyacinth. Select solid bulbs without regard to size for this purpose, and place a single bulb in a five-inch pot filled with any good potting soil; a light, rich soil is preferable; remove a small quantity from the center, and place the bulb in firmly, but not have the soil hard beneath it, leaving about one-third of the bulb visible. After potting, give them a good watering and set away in some cool, dark place, and cover six or eight inches with soil or coal ashes, that the moisture may be retained and the frost or heat excluded. Leave in this condition until Dec. 1, and then for a succession of blooms, bring to the light some every two weeks, bearing in mind that they should not be placed directly in the sun at first, as they will need several days to get acclimated to the new atmosphere. The bulbs should be selected and potted as early as possible to obtain the best results.

CULTURE IN GLASSES

For this purpose select the largest and heaviest bulbs and place in the glasses filled with water enough to just touch the bulb, then place the glass in a cool, dark place until the roots touch the bottom of the glasses, then bring to light, bearing in mind that never should they be placed where the full rays of the sun would come direct on the glass, as it would have a tendency to warm the water to a degree which would injure the roots and produce an inferior flower. The window-sash is the worst place that one can put them. Always select single-flowering varieties for the best results.

Mixed Hyacinths

...FOR THE GARDEN...

IN SEPARATE COLORS.

When an effective display alone is the object, the following will answer every purpose. They are smaller bulbs selected from the named varieties, so that each color embraces many shades; BLUE, for instance, DARK and PURPLE; RED, ROSE, BLUSH, etc.; WHITE, COLORED EYE, SHADED, etc.

Hyacinths by the dozen are delivered free in the United States. By the hundred purchaser pays transit.

roman hyacinths

This beautiful and valuable variety, if planted early in September and gently forced, will bloom in November, or their flowering may be retarded until Christmas by keeping them in a cool place. By successive plantings they may be had in bloom until March, being thus very useful for florists. The flowers, which are smaller than the ordinary Hyacinth, are produced in great profusion, each bulb throwing up three or four spikes of delicately-scented, clear, white blossoms. For a good effect, from three to five bulbs should be planted in a medium-sized pot.

at single and dozen price, delivered free in United States.

by the hundred purchaser pays transit.

white italian or parisian

On account of the profusion of bloom, fragrant and graceful spikes, they are extensively grown by the florists for the winter flower markets. Blooming a little later than the Roman Hyacinth, they are useful for a succession of flowers.

5 cents each; 50 cents per dozen; $5.75 per 100.

grape, musk and feathered

grape

an extremely pretty family of flowers, sometimes called "blue lily of the valley," entirely hardy, they will adapt themselves to the soil and situation as naturally as grass. A few bulbs will rapidly increase and produce each spring a mass of lovely bloom. For winter blooming they give great satisfaction; a few bulbs planted in a five-inch pot and treated the same as hyacinths will produce a lovely potful of flowers.

blue, two bulbs for 5 cts.; per dozen, 15 cts.; per 100, $1.00

white, three " 10 " 25 " 100, $1.00

musk

an old and much esteemed sort; pretty flowers, exceedingly fragrant, with a musk-like scent; entirely hardy. 15 cents each; $1.50 per dozen.

feathered

it is a very curious plant, and well worthy of culture in pots as an odd and interesting flower; is entirely hardy. The color is deep blue, tinged with red.

three for 10 cents; 25 cents per dozen; $1.50 per 100.

hyacinths in beds

the bulbs we supply here are not the common mixed, but selected from the named varieties, and put in at a reduced price.

for the convenience of our customers we have given the number of bulbs required for a few of the most popular-sized beds.

bed of hyacinths

choice of colors: red, crimson, white, pink, light blue, dark blue and yellow.

price of 1 ha hyacinths | $5.00 | purchaser to pay
| 1,000 | 4.25 | transit

A bed 7 feet square of Hyacinths, arranged like illustration, planted 7 inches apart, would take 58 bulbs for each division, or 150 bulbs in all; or if planted 6 inches apart, 50 bulbs for each division, or 200 bulbs in all.

Choice of the following colors: Red, crimson, white, pink, light blue, dark blue and yellow.

Price of the 150 bulbs, $5.00; purchaser pays $4.25 transit.

A bed 10 feet in circumference or 5 feet across, if planted 6 inches apart, requires 100 hyacinths; if 7 inches apart, 94 hyacinths.

Arranged in circles of 5 rows around the bed, planted 6 inches apart, the first center row would require 9 bulbs, 3d row 14, 3d row 20, 4th row 26, 5th or outside row 32.

If planted 7 inches apart, the first center row would require 8 bulbs, 3d row 12, 3d row 17, 4th row 21, 5th or outside row 26.
TULIPS.

FOR the ornamentation of the conservatory and sitting room during the winter and spring months, the Tulip stands unrivalled, both as regards its rich and diversified colors, easy culture, and accommodating habits. Like the Hyacinth it will thrive in almost any soil or situation, and under almost any circumstances, provided that the ground be well prepared and the bulbs set 3 to 4 inches deep. In October and November, and even in December, should the weather be open and favorable, about 4 to 6 inches apart, according to the size of the bulbs; the crown of the bulb should be 1 inch, or slightly more, below the surface. The same soil, etc., as for Hyacinths will suit them well. They should be protected during severe weather by branches of evergreen, or covered with straw or leaves about 3 inches thick.

Tulips are delivered free in the United States at the single and dozen price, by the hundred purchaser pays transit.

**LATE FLOWERING SINGLE TULIPS.**

In some locations these are known as the "May-flowering Tulip," and closely follow the season of the early single sorts. They are largely cultivated on account of their individual beauty, being possessed of great variation of form and color, the latter being rich and distinct. A few of these ought to be in every collection, as their stately form never fails to attract attention.

EARLY DOUBLE TULIPS IN MIXTURE.

Choice Mixed, in shades of red

Af LARGE de ma Fille, large magnificent variety, white, crimson-scarlet, one of the finest late Double Tulips
M Peony Red, very deep red, with yellow stripe
Peony Gold, yellow
D Yellow Rose, splendid golden yellow, very large flower and showy, fine for forcing, very sweet-scented
Late Double Tulips in extra fine mixed varieties

LATE DOUBLE TULIPS,

D Murillo, beautiful pink and white, the best double pink for forcing
D Le Flazon, a beautiful variety, of delicate rose, shaded and striped with white and red
D Purple Crown, dark crimson, Maroon, velvety and fine
M Rex Rubrum, very large and showy
T Rosina, splendid rosy pink
D Tournesol, bright golden-yellow, very large and showy, fine for forcing
D Titian, dark crimson-scarlet, edged with golden-yellow, very fine

VARIOUS SPECIES ODD AND NOVEL TULIP.

Cornuta (Chinese), yellow striped, red petals like spiral horns, curiously twisted
Elegans, rich carmine, splendid
Florentina (Sweet Scented), clear yellow, excellent for pot or garden culture. The flowers emit the odor of violets
Greigi (The Queen of Tulips), flowers very large, of brilliant orange-scarlet, bottom of the cup deep black. Anthers yellow and exceed-

PARROT OR DRAGON TULIPS.

The Parrot Tulip has a singularly picturesque appearance, the flowers are large and the colors brilliant, so that when planted in flower borders they produce a striking effect.

Constantinople, red, streaked with orange
Lutea, yellow
Markgraft, yellow and orange
Monstre Rouge, large red, late; the finest of all Parrot Tulips
Perfecta, white, striped red
Finest Mixed Varieties

TULIPS IN BEDS.

The Bulbs we supply here are not the common mixed, but selected from the named varieties and put in at a reduced price.

For the convenience of our customers we have given the number of bulbs required for a few of the most popular sized beds. A bed 1 feet square of Tulips arranged in four colors similar to the Hyacinth bed on page 4 would require 68 bulbs for each division, if planted 5 inches apart, or 207 bulbs in all.

Choice of the following colors: Red, crimson, white and pink, white, yellow.

Price for the 272 Bulbs, $4.00, purchaser paying transit.

A bed 16 feet in circumference or 6 feet across, if planted 5 inches apart and divided in 4 parts, required a total of 208 bulbs, or 68 bulbs for each division.

Choice of the following colors: Red, crimson, white and pink, pure white or yellow.

Price for the 200 bulbs, $3.00, purchaser paying transit.
NARCISSEUS...

...OR DAFFODILS

The Narcissus has more points of real merit than any other hardy plant, and until recently the possibilities of this family have not been brought out. The florists now use these in large quantities. They are equally well adapted for the conservatory, sitting-room or flower-garden, so that however limited the collection of plants may be, if there is not in it a fair proportion of this delightful flower it will be deficient of a most essential ornament. The culture is the same as the Hyacinth. See page 3.

We deliver in the United States all Narcissus free at single and dozen price. By the hundred purchaser pays transit.

The entire collection of Narcissus on this page, 23 varieties, delivered anywhere in United States for $1.50.
The collection of 10 varieties of Polyanthus Narcissus delivered anywhere in United States for 60 cents.

**POLYANTHUS NARCISSUS.**

Hoop Petticoat Narcissus

**Bulbocodium.** The flowers are rich, golden yellow and exceedingly pretty. It is excellent for pot culture as well as edgings, and will bear from six to ten flowers to each bulb. $0 80 $0 90 $1 00

**Clusii (Monophyllus).** Very early blooming flowers, pure white. If potted in September these will bloom at Christmas. $0 05 $0 75 $1 00

**True Poet Daffodils.**

**Poeticus** (the True Poet's Narcissus). Pure white flowers, with orange cup, edged with crimson; splendida for cut flowers. $0 15 $0 75 $1 00 2 for 5 cents.

**NARCISSUS POETICUS ORNATUS.**

**Poeticus Ornatus.** (See cut.) The improved "Poeticus," large, beautifully formed, pure white flowers with saffron cup tinged with rose scarlet, a magnificent cut flower; very early. $0 25 $1 50 3 for 10 cents.

**CHINESE NARCISSUS** (Sacred Lily of China)

The "Shui Sin Far," "Joss Flower," or "Flower of the Gods," etc., as it is called by the Celestials, is a variety of Narcissus, easily grown and blooms freely, bearing a very sweet-scented flower of silvery-white, with golden-yellow cups.

Use shallow dishes about three inches deep, into which put about one inch of gravel. Set the bulbs on this and fill in with small stones, to keep them upright, and keep the dish full of water. It is not necessary to put the bulbs in the dark, but if kept shaded until the leaves begin to grow better results may be obtained. Although they will succeed in any ordinary room, it is necessary for them to be kept away from gas, as it causes the flowers to blast.

Price 12 cents each; $1.25 per dozen. If by express 10 cents each; $1.00 per dozen.

The entire collection of Narcissus on this page, 15 varieties, delivered anywhere in United States for 90 cents.
**Narcissus double garden**  
(Daffodils)

All bulbs are delivered free in the United States at the single and dozen prices.

Under this head are some remarkably showy, sweet-scented, spring flowering favorites, which are especially deserving of notice on account of their easy culture, early flowering and generally effective appearance.

**Von Sion**  
(Telamonius Plenus)

This is the grand old "Double" yellow Daffodil, and should be in every garden. Fine for masses, also one of the very best for house culture in pots. Large double, yellow trumpet flowers. 3 for 15 cents; 40 cents per dozen; $2.50 per 100.

---

**Jonquils**

Excellent for early blooming, charming large golden and deliciously odoriferous flowers, freely produced; of the finest effect either in the garden, greenhouse or conservatory. See cut.

---

**Agapanthus**  
(The Great African Lily.) Ready in November.

These are noble ornaments on lawns, in pots or tubs, on terraces or piazzas, or for the decoration of the greenhouse. Foliage luxuriant and graceful; flowers borne in clusters of twenty to thirty and measure fully a foot across. The flower stalks frequently attain a height of three feet, the flowers opening in succession for a long period during the summer and autumn.

**Narcissus incomparable**

---

**Alstromeria**  
(Pennine Lily). Very robust and abundant blooming, with large lily-like flowers of great beauty, borne in clusters during the summer. They are especially adapted for cutting, being of much substance and lasting in perfection for a long time. Excellent for pot culture. Two to four feet.

Mixed varieties (ready in November), 10 cents each; $1.00 per dozen.

---

**Anomatheac Cruenta**  
The profusion with which the bright rose-carmine flowers are borne and the long period they continue in flower make them very popular. Excellent for pot culture or blooming out of doors, although in the latitude of New England they need protection. Height 4 feet. 3 for 10 cents; 30 cents per dozen; $1.75 per 100.

---

**Antholyza**  
Resembles somewhat the Gladiolus. In New England they are not hardy, but can be grown in cold frames or planted out in the spring—flowering from July to September. The tall spikes of blooms render them very effective for grouping in beds or shrubberies. The scarlet, black, green, etc., flowers make them very effective. 10 cents each; $0.75 per dozen.
ALLIUMS

Are grown extensively for their ornamental qualities, being hardy, showy, and blooming for a considerable length of time.

Allium Neapolitanum (see cut) is amongst the earliest and grandest of winter bloomers. Its flower stems are 2 inches high, supporting a large cluster of delicate white starry flowers, sure to bloom splendidly in any window. 3 for 10 cents; 25 cents per dozen; $1.25 per 100.

Moly (Golden Allium), perfectly hardy, growing one foot high and covered with large clusters of golden flowers. Most desirable for the garden. 3 for 10 cents; 25 cents per dozen; $1.25 per 100.

AMARYLLIS

A beautiful class of plants, with large, drooping, bell-shaped, lily-like flowers, varying in color from the richest crimson to pure white, striped with crimson or scarlet. They are of the easiest possible culture, and few flowers give a better return in the shape of lasting and showy bloom for the limited amount of labor involved in their cultivation. With a very small stock of bulbs they can be had in flower at almost any season of the year by starting them in succession. A compost consisting of equal parts of good turfy loam, leaf-mould, well-decayed manure and sharp sand answers best. From the time they are started, water should be given very carefully, and not in too great quantities. When the foliage begins to decay, water should be gradually withheld until it has quite died down, when the bulbs may be stored away (in the pots), in any dry, cool place, safe from frost, until their flowering season comes again. The evergreen varieties, which do not die down, should be kept in a growing state, and shifted into larger pots as they require it.

Amaryllis (Zephyranthes) atamasco. Pink and white, variable, showy for border, 3 for 10 cents; 25 cents per dozen.

Equestre (Barbados) Lily. Broad petals of a soft salmon-scarlet color, marked in the center with white bars, which radiate from the white throat. 15 cents each; $1.50 per dozen.

Formosissima (Jacobean Lily). Beautiful trumpet-shaped flower of a rich, dark scarlet; free blooming; forces well, and can be grown in water like Hyacinth. 10 cents each; $1.00 per dozen.

BELLADONNA MAJOR.

(See cut.) This is an autumn-blooming variety of great beauty and fragrance; color, delicate white, flushed and tipped with rose. The spikes grow from 2 to 3 feet high, and bear from six to ten flowers. 15 cents each; $1.50 per dozen.

VALLOTA PURPUREA

(Scarborough Lily.)

(See cut.) This plant is closely allied to and was at one time recognized as a member of the Amaryllis family. It is evergreen and one of the most beautiful and desirable plants grown, producing large, crimson-scarlet, lily-like flowers in heads of five or six blooms each, which remain a long time in perfection. Large bulbs, if kept growing, will flower several times during the year. As easily cultivated as the Calla Lily. Price, 20 cents each; $3.50 per dozen.

C. L. ALLEN’S NEW BOOK ON BULBS. Handsomely Illustrated. Cloth. 12mo. Price, Postpaid, $2.00.

This is the most practical, inexpensive work on Bulbs and Tuberous-rooted plants we have seen. It gives their history, description, methods of propagation, and complete directions for their successful culture in the garden, dwelling and greenhouse.
### ANEMONES

This highly ornamental class of easily cultivated hardy plants is becoming better known and more popular each succeeding year, and should occupy a conspicuous place in every garden. They are well adapted for either pot or border culture, and are unsurpassed for variety and richness of color. Plant in October or November, or as soon as the ground can be worked in the spring, and during winter protect with straw or leaves.

**Double Poppy Flowered.** (Coronaria fl. pl.) The flowers of this class are very double, and are surrounded at the base with large guard petals resembling a double Hollyhock. For cutting purposes they are grand, and are known of no class of plants with more gorgeous colors, two or three colors usually being blended in the flowers of each variety. Mixed colors, 3 for 12 cents; 25 cents per dozen; $1.50 per 100.

**Single Poppy Flowered.** (Coronaria) These handsome single Anemones have large, beautiful, saucer-shaped, poppy-like blossoms, and during mild seasons, or in sheltered situations, are flowering continuously throughout the winter, spring and early summer. Mixed colors, 3 for 12 cents; 25 cents per dozen; $1.50 per 100.

**Fulgens.** (See cut.) The rich, dazzling scarlet flowers and light, elegant growth, render it the most attractive flower of spring. It is invaluable for cutting, as it lasts a long time in water. 5 for 12 cents; 50 cents per dozen; $2.00 per 100.

**Fulgens fl. pl.** A double flowering of the above. 5 cents each; 50 cents per dozen. $2.00 per 100.

---

### ARUM OR DRAGON FLOWER.

The Arums are remarkable and handsome plants, with fine foliage and curious inflorescence, more or less enclosed in a hooded spathe, which is generally richly colored and marked. They are hardy, and easily grown in any soil.

**A. Sanctum** (Black Calla) is strictly a winter bloomer, and will bloom no other time. Its flowers are enormous, fully a foot in length; color, clear coal black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large and should be potted in the fall, and when growth commences set in a window. After blooming the foliage will die down and the bulb should be kept dry for planting again in the fall. (See cut.) Price of large flowering bulbs, 15 cents each; $1.50 per dozen.

**A. Dracunculus** (Dragon Arum). (See cut on front page.) Flowers one foot long, purple, red and black, blue; stem beautifully marbled, leaves handsome, resembling a small palm; a rapid grower, making a curious and ornamental pot plant. 15 cents each; $1.50 per dozen.

### CALLAS

**White.** (Ethiopica). The well-known Calla Lily is one of the best plants for parlor culture. Its growth is stately, the flower showy, exceedingly fragrant, and freely produced. A commendable feature is that it effectually resists all the injurious effect which gas and furnace heat generally inflict on our floral pets. The requisites for successful culture are rich soil, plenty of water and pot room. Extra large, 25 cents each; $2.50 per dozen.

**Black Calla** (Arum Sanctum), is strictly a winter bloomer, and will bloom no other time. Its flowers are enormous, fully a foot in length; color, clear coal-black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large and should be potted in the fall, and when growth commences set in a window. After blooming the foliage will die down and the bulb should be kept dry for planting again in the fall. (See cut.) Price of large flowering bulbs, 15 cents each; $1.50 per dozen.

**Little Gem.** (See cut.) Dwarf; grows 10 to 15 inches high, and almost constantly in bloom. 15 cents each; $1.50 per dozen.

**Spotted Leaf Calla** (Richardia Alba Maculata). This plant is always ornamental, even when not in flower, the dark green leaves being beautifully spotted with white; in other respects the plant is the same as the old favorite White Calla, excepting being of a smaller habit. In addition to its usefulness as a pot plant it makes a fine thing for planting in the garden in the summer, being very effective. 15 cents each; $1.50 per dozen.

---

**ANEMONE FULGENS.**

**HARDY JAPANESE ANEMONE.** The large cup-shaped flowers are exceedingly attractive and numerous, remaining beautiful until frost. Grows from two to three feet high.

**ARUM SANCTUM (BLACK CALLA).**

---

**LITTLE GEM CALLA AND CALLA ETHIOPICA.**
Babiana.

The flowers are of rich, self-colors, varying in color from the richest carmine to the brightest blue in the same flower. The leaves are of dark green covered with downy hair. Not hardy in New England, but will live when protected by cold frame. Five or six bulbs in a five-inch pot make a very attractive pot plant. Mixed varieties, 5 cents each; 50 cents per dozen; $3.50 per 100.

Brodiaea.

The flowers are borne on stems one to two feet high, in clusters of red, white or blue tubular flowers. Easily forced. Can be grown in greenhouse or cold frame. If planted out in spring in clumps or masses, they flower very freely in June or July. Mixed varieties, 3 for 10 cents; 30 cents per dozen.

Mixed Crocus Blue, Striped, White and Yellow, 10 cents per dozen; 50 cents per 100; $4.00 per 1,000.

Colchicum or Autumn Flowering Crocus.

Colchicum Autumnale (Meadow Saffron). The flowers comprise many shades of white, purple, rose, striped, etc., coming in bloom in the autumn. Make very effective and handsome hardy plants, especially for borders. Mixed sorts, 5 cents each; 50 cents per dozen.

We will deliver anywhere in United States one dozen each of the above 12 varieties of Crocus for $1.50.
CROWN IMPERIALS

We might say much in praise of this old-fashioned spring blooming plant, with its cluster of pendant, bell-shaped flowers surmounted with a tuft of green leaves, but it is so well known, having been cultivated nearly three centuries, and may be met with almost everywhere; we may, however, just notice that it is, perhaps, the most useful spring plant that we have for relieving the monotony of the flower borders, and imparting a lively appearance to shrubbery. They grow freely in any common, well-drained soil.

GiANT CYCLAMEN.

Among the many floral pets that enliven our homes throughout the winter and early spring none are more charming than the Cyclamen. Its neatness of foliage and flower, its brilliant and varied colors, and its duration of bloom, render it desirable for parlor culture. Plant during September and October in a mixture of tury loam, leaf-mould and sand, in equal parts. Do not cover the bulb; merely press it into the soil, and give a slight watering. Keep them shaded, and water sparingly until they start growing, then treat as other house plants.

Rose, Dark Crimson, Pure White, White with Rose Eye. Price of any of 4 varieties, 25 cents each, or $2.50 per dozen, or the set of 4 for $1.00. Giganteum Mixed, 20 cents each; $2.00 per dozen.

ERYTHRONIUM GRANDIFLORÁ.

(Dog’s Tooth Violet.)

Although called “Dog’s Tooth Violet,” it does not in any way resemble a violet, nevertheless is a beautiful genus of the liliaceous plants found in the Northwestern States, and grows abundantly in the Rocky Mountains. It is perfectly hardy, and succeeds best in moist soil or in partial shade. They succeed finely grown in pots for flowering in winter months. The flowers are yellow, and borne on stems from 12 to 18 inches high, with six to twelve flowers on a stem. 3 for 10 cents; 30 cents per dozen.

DECENTIA or BLEEDING HEART.

Ready in November. Has dark green foliage and long drooping racemes of pink and white heart-shaped flowers. One of the most ornamental of spring flowering shrubs. 15 cents each; $1.50 per dozen.

CHIONODOXÁ (“GLORY OF THE SNOW”).

A valuable, hardy, early-flowering bulb, producing spikes of lovely azure blue flowers, with pure white centers. Those who know SCILLA SIBERICA will need no further description of this beautiful plant when we say the flowers and spikes are more than twice the size of that little gem.

Lilacinus. (See cut.) Flowers of a brilliant sky-blue color, with white center, 3 for 10 cents; 25 cents per dozen; $1.25 per 100.

Sardensis. A beautiful deep blue flower, 3 for 10 cents; 25 cents per dozen; $1.25 per 100.

Gigantea. (New.) This new variety differs from all others of the family by its unusually large flowers of soft, lavender blue, with a conspicuous white center. It is perfectly hardy, and when grown in the house for winter blooming, it makes a beautiful effect. 3 for 10 cents; 30 cents per dozen; $1.50 per 100.

FUNKIÁS.

Day Lilies.

This handsome, Hardy, bulbous plant makes a very attractive appearance when planted in clumps or masses, as the pure white and fragrant flowers are borne on stout stems above the bold, luxuriant foliage, and make an exceedingly striking effect.

Subcordata Grandiflora. Milky white flower, nearly four inches across. Fragrant. 15 cents each; $1.50 per dozen.

Variegata. Very fine fall blooming plant; leaves green and white flowers, purplish lilac. 15 cents each; $1.50 per dozen.

FREESIA ...

For graceful beauty and exquisite fragrance, this important introduction rivals many an old-time favorite as a plant for parlor culture, for which it is particularly adapted. The flowers are borne on a slender, branching scape, somewhat spreading. The perfume is delicious, differing from the majority of strongly-perfumed flowers in that it is never objectionable. The culture is simple. The bulbs should be potted from August to November in any good soil of a sandy texture; water sufficient should be given to soak through, after which but sparingly until beginning to grow rapidly; then water freely and place in a sunny, temperate position, either in the house or conservatory. (See cut.)

Refracta alba, clear white, with yellow blotch on lower petal. 2 for 5 cents; 15 cents per dozen; $0.75 per 100; extra large bulbs, 5 for 10 cents; 25 cents per dozen; $1.50 per 100.
Fritillaria...

They are invaluable for pot culture. Finest mixed varieties, 3 for 10 cts.; 35 cents per dozen.

Gladiolus...

Early flowering hardy varieties...

For autumn planting or winter forcing.

These beautiful, early-flowering Gladiolus are greatly prized on account of their blooming in June and July, if planted in the autumn in dry soil and protected with a covering of about six inches of straw, leaves or litter. (Ready in November.)

The Bride (Cevollis alba), a most beautiful, pure white variety; an excellent forcing quality. 2 for 5 cts.; 20 cts. per dozen.

Mixed, early flowering, hardy. 2 for 5 cts.; 25 cents per dozen; $1.25 per 100.

Helleborus nigric.

This most beautiful class of hardy herbaceous plants grows in almost any situation very freely, blooming early in the spring, and is grown in the United States. It blooms during the Christmas holidays, and will continue during the winter.

Iris (double).

Ready about the first of November.

Kempferi. Descriptions cannot in any way do justice to the magnificence of these new Iris. They are unsurpassed. Let the weather be ever so severe they are not in the least affected. The prevailing colors are from deepest black-purple through various shades of blue to the purest white. The individual flowers are of great size and heavy texture, flowering from the middle of June to the end of July.

Beauty. Light silvery-lilac, veined purple, blue dwarf large flowers.

Dinah. Light silvery-lilac, veined purple-blue, dwarf habit, large flower.

Mahogany. Very large; flower deep mahogany red.

Snow White. Tall and showy, with flowers of enormous size. Probably the most beautiful of all pure snow white, with large gold-banded center.

Orion. Tall and strikingly handsome; pure white, each petal having a wide border of blue-red; very distinct.

P. de Rohan. Furblish blue, shaded violet, with red at center. Very large flower.

Robert Craig. Tall and very large; French white shaded with violet toward the center. Extra fine.

Price of any of the above, 25 cents each; $2.50 per dozen; or the entire set of 8 varieties for $1.75, delivered free in United States.

JANES IRIS (SINGLE).

Exquisite. Fine porcelain blue.

Shadow. Enormous wavy petals, dark indigo blue with peacock luster, and golden center. A grand sort.

Snowbound. Large pure white, with golden bands.

Souvenir. Lovely rose-pink, with delicate blue veins.

Violet Cap. Pure white, veined and suffused dark-blue.

Neptune. Reddish-gray, freely veined.

Mixed. Large flowered. 20 cents each; $2.00 per dozen.

Price of any of the above single Iris, 25 cents each; $2.50 per dozen; or the collection of 6 varieties for $1.25, delivered free in United States.

Iris Spanish.

British Queen. Pure white, large flowering.

Prince of Orange. Extra large flower, yellow and clear lilac.

William I. The best yellow.

Elevius. Dwarf, dark orange, unique color.

Mixed Varieties. 3 for 10 cts.; 20 cents per dozen; $1.50 per 100.

Price of any of the above-named Spanish Iris, 5 cents each; 30 cents per dozen; $1.50 per 100.

Iris English.

Florentina. Violet shaded with blue, with a yellow band. Fragrant. 10 cents each; $1.00 per dozen.

Reticella. Violet spotted with white, yellow and black. Fragrant. Extra early. 20 cents each; $2.00 per dozen.

Sussiana (Morning Bride). Blush tinted, netted with dark lines, a remarkable looking and exceedingly handsome flower; succeeds admirably in pots. 20 cents each; $2.00 per dozen.
GENERAL LIST OF LILIES...

...Embracing all the Most Desirable Varieties

**FOLLOWING** the description of each, we have indicated the height and time of flowering. None of the varieties will be ready for shipment until the last of October, except L. Harrisii, Candidum and Longiflorum, which are ready in September.

**Auratum** (Golden-Banded Queen of Lilies). This magnificent variety has become one of the standard favorites of the flower garden, and is considered by many the finest of all Lilies. The immense blooms, measuring nearly a foot in width when fully expanded, are produced in great profusion, and are deliciously fragrant. First size bulbs, 25c. each; $2.50 per dozen. Second size, 15c. each; $1.50 per dozen. (2 to 5 feet.) June to October.

**Brownii.** A magnificent variety, with fine large foliage; flowers very large, fine white inside, purple outside. The stamens are a rich chocolate color. 50 cents each.

**Canadense.** Our bell-shaped native Lily; drooping yellow and red flowers. 10 cents each; $1.00 per dozen.

**Canadense Rubrum.** Vigorous grower; flower rich dark-red. 15 cents each; $1.25 per dozen. (3 feet.) July.

**Candidum.** The well-known hardy Easter Lily; snow-white, fragrant blossoms; one of the best varieties for forcing, or for garden culture, and an established favorite. 10 cents each; $1.00 per dozen. (3 to 4 feet.) June.

**Chaleقودicium.** Intensely scarlet recurved blossoms, resembling a Turk's cap. 50c. each; $5.00 per dozen. (3 feet.) June.

**Colchicum.** Rich crimson-color, spotted with black. 85 cents each; $8.50 per dozen. (2 feet.) July.

**Croccum.** Large flowers of beautiful golden, slightly tinted scarlet. 15 cents each; $1.50 per dozen. (3 to 6 feet.) July.

**Elegans Erectum.** Flowers erect and borne in clusters; orange, spotted scarlet. Very hardy. 15 cents each; $1.50 per dozen. (1½ feet.) June and July.

**Elegans Incomparable.** A deep ox-blood crimson, slightly spotted with black. Very fine and easily grown. 20c. each; $2.00 per dozen.

**Excelsum (Tabellatum).** The stately form, beauty of color and delightful fragrance of this variety have made it a great favorite wherever known. It grows from 6 to 6½ feet high; flowers of a delicate light-buff color, 1½ each; $4.00 per dozen. (4 to 6 feet.) June and July.

**Giganteum.** A magnificent variety of giant growth and very distinct. Color, creamy-white with purple throat. Frequently bears 15 to 18 large flowers, 5 to 6 inches long on stems 6 to 10 feet high. $1.20 each. July.

**LILIMUM HARRISII** (The True Bermuda Lily). The flowers are large, trumpet-shaped, pure waxy white, symmetrically formed, a beautiful and chaste as anything can be imagined, lasting from ten days to two weeks. The ends of the petals are recurved, giving it a very graceful appearance. Its fragrance is delightful. 1st size, 25 cents each; $2.50 per dozen; 2d size, 15 cents each; $1.50 per dozen.

**Lancifolium Album.** Pure white, and very fragrant. 20 cents each; $2.00 per dozen.

**—Melpomene.** Very large flowers of rich blood-crimson, heavily spotted. 25 cents each; $2.50 per dozen.

**—Punctatum.** White, spotted and suffused with light rose. 40 cents each; $4.00 per dozen.

**—Roseum.** White, spotted with rose. 15 cents each; $1.50 per dozen.

**—Rubrum.** Rose, spotted with crimson. 15 cents each; $1.50 per dozen.

**Leichtlinii.** A beautiful Japanese species, of neat and elegant habit; the flowers are pure canary-yellow, with crimson spots. 50 cents each. (3 to 6 feet.) August.

**LONGIFLORUM.** The well-known beautiful, snow-white fragrant Lily; fine for forcing, and handsome in the garden. 15 cents each; $1.50 per dozen. Extra large, 25 cents each; $2.50 per dozen. (½ to 2 feet.) June and July.

**Martagon (Turk's Cap).** Purple. 20 cents each; $2.00 per dozen. (6 feet.) June and July.

**Superbum.** The best of our native varieties: when grown in rich soil will frequently reach a height of 6 feet, and will produce awards of thirty flowers of a yellowish-red color. 15 cents each; $1.50 per dozen. July.

**Tigrinum (Tiger Lily).** Orange-salmon, spotted black. 10 cents each; $1.00 per dozen. (3 to 5 feet.) July.

**Tigrinum, f. pl. (Double Tiger Lily).** This is a plant of stately habit, growing from 4 to 6 feet high; foliage dark green, very long, bearing an immense number of double, bright orange-red flowers, spotted with black. 15 cents each; $1.50 per dozen. (3 to 5 feet.) August.

**Tigrinum Splendens (Improved Tiger Lily).** Very large flowers, orange-red, spotted with black. Stems a polished black. 15 cents each; $1.50 per dozen. (5 to 6 feet.) August.

**Tenuifolium.** One of the most charming of all Lilies. Perfectly hardy, and grow very easily; fiery, scarlet flowers. 25 cents each; $2.50 per dozen. (1 to 2 feet.) June and July.
IXIAS

Are admirably adapted for pot culture in the house; several bulbs can be placed in a seven-inch pot or pan. They should, unlike other bulbs, be potted rather firmly, and as early as possible; placed in a dry, cool place like Hyacinths; until the flower spikes appear, little water is needed; then, however, keep pretty moist, and give them full light and air. After flowering, gradually open, and when ready shake out and store in paper bags until next autumn, or the bulbs can remain in the soil, which should be kept dry.

Finest Mixed. 2 for 5 cents; 20 cents per dozen; $1.00 per 100.

ORNITHOGALUM.

A Splendid Winter-flowering Bulb, Sure to Bloom. Arabicum. (See cut.)

This magnificent winter-blooming bulb from Arabia gives great satisfaction. The bulbs are large and solid somewhat resembling Hyacinths; the leaves are long, narrow and graceful; flower-stalks are thrown up to a height of 18 or 20 inches, and produce immense clusters of pearl-white flowers, each having a jet-black center. This distinct character, together with the durability of flowers, makes this grand novelty the best winter bloomer now offered. Bulbs can be planted in four-inch pots, and given the same culture as Hyacinths. If planted in open ground, they should be given slight protection. Price of bulbs sure to bloom, 5 cents each; 40 cents per dozen; $2.00 per 100.

MADEIRA VINES. The Madeira Vine is a popular and favorite tuberous rooted climbing plant, with racemes of feathery white flowers, very fragrant. It will grow anywhere, but does best in a warm, sunny location. There is nothing in the way of a climbing plant for the house that is more satisfactory than the Madeira Vine. It is not hardy. 5 cents each; 50 cents per dozen.

LACHENALIAS.

These are early spring-flowering bulbs, more especially adapted for greenhouse or winter-garden culture. The spotted foliage and spikes of brilliant flowers make them exceptionally striking. They are of the easiest culture and can be had in bloom by Christmas if desired. If grown in cold frame should be protected from frost. Pendula. (See cut.) Flowers bright red, tipped with green and yellow. Very strong grower and handsome. 20 cents each; $2.00 per dozen.

MONTBRETIA. Firel Crocosmiaflora. This is destined to hold a high place among summer-flowering bulbs as soon as it is more widely known. Very floriferous, bearing lovely spikes of star-like flowers, an inch or more across, which continue in bloom for months. Color, intense orange-scarlet. If left undisturbed and mulched to protect in the coldest sections in winter, they form luxuriant clumps. 3 for 90 cents; 35 cents per dozen; $2.00 per 100.

NERINE. Nerine Sarniensis. Sometimes called the “Guernsey Lily” and “Japanese Spider Lily.” In Japan it is perfectly hardy, but for this climate we would recommend thorough protection against frost. It is better adapted for house pot-plant. It sends up flower stalks 9 to 12 inches, which are crowned with umbels of bright-red flowers, with star-shaped stamens, giving it an unusually graceful and attractive appearance. 20 cents each; $2.00 per dozen.
OXALIS...

A GENUS of very pretty, neat-growing plants, elegant in foliage and bloom, the latter being produced in great profusion and embracing a wide range of colors. They are the best bulbs we know of for growing in pots for window decoration, their dwarf and spreading habit rendering them specially desirable. They are of the easiest possible culture; may be planted at any time, and if good rich soil is used, will do well without a great deal of attention.

Bermuda Buttercup, greatly improved selection from Oxalis Cernua, grown in the congenital soil and climate of Bermuda until the bulbs have attained great strength, producing bulbs, plants and flowers larger and more luxuriant than the common variety. It is one of the finest of winter-flowering plants for pot culture, of strong, luxuriant growth; one bulb is sufficient for a 6 or 8-inch pot. The great production of bloom produced in uninterrupted abundance for weeks is astonishing.

The flowers are of the purest bright buttercup yellow. Well-grown plants have produced as high as 70 flower-stems at one time, and over 100 flower-stems in one season. 3 for 10 cents; 35 cents per doz.; $2.50 per 100.

Alba, pure white..................3 for 10 cents $0 25 $2 00
Bowii, bright crimson, very large............................. $2 00
Cernua, single, canary-yellow" " 25 2 00
Cernua, double " " 50 3 50
Deppe, light crimson " " 20 2 00
Rosea, rose " " 25 2 00
Fine Mixed " " 20 1 50

PUSCHKINIA

Compacta. A perfectly hardy bulbous plant of great beauty; its numerous light blue flowers spring up from the center of its peculiar shaped leaves. Especially recommended for edging or borders, flowering in April and May. 3 for 10 cents; 35 cents per doz.; $2.50 per 100.

PRICE, 50 cents each; $4.50 per dozen; or the entire set of above 18 varieties, with names, for $7.50, purchaser paying transit.

Artemis, soft rose pink, fine.
Bischke d'Orleans, salmon pink.
De Bretonneau, flesh-colored yellow.
Francois Ortegal, purplish crimson, showy.

Globosa, pink and yellow.
Henri Behrens, salmon rose.
J. Descaine, white, yellow center.
Lady Derby, flesh.

Madame Breon, dark brilliant purple.
Madame Lebon, deep rose or cherry, large.
Pottsi, purple crimson, showy.
Splendida, beautiful soft rose.

Price, 35 cents each; $2.50 per dozen; or the entire set of above 12 varieties, with names, for $3.00, purchaser paying transit.

Add 5 cents per bulb on Paeonies, if by mail.
TRITOMA (Red Hot Poker or Flame Flower). Uvaria Grandiflora. For planting in clumps or among shrubbery it is one of the grandest of all plants. The flowers are yellow and red, borne on stately stalks, making an effective display from August to frost. Hardy, with slight protection. 25 cts. each; $2.00 per dozen.

.. RANUNCULUS ..

A MONG dwarf flowers these are unrivalled for lovely form and bright and attractive colors, ranging through gorgeous shades of white, crimson, yellow, purple, and black, many of them being beautifully marked with other shades. They flower profusely in pots in the house, or if grown in frames, in the spring. (See cut.)

Turban Mixed. Pussy formed flowers, large and early, very vivid colors. 2 for 5 cents; 20 cents per dozen; $1.00 per 100.

Giant French Mixed, remarkably vigorous growers, with immense and gorgeous flowers. 2 for 5 cents; 20 cents per dozen; $1.00 per 100.

Double Persian Mixed, Camellia rose-shaped flowers, very double, rich variety of colors. 2 for 5 cents; 20 cents per dozen; $1.00 per 100.

SNOWDROPS. There is nothing more beautiful than the little drooping blossoms of this modest flower. It gets along with almost any ordinary treatment, but by planting them here and there on the lawn a beautiful effect is secured, when their graceful snowy bells appear nestling in the grass in the early days of opening spring. They may also be grown in baskets or pots, for which purpose the double variety is the best.

Double Flowering, 3 for 10 cents; 25 cents per dozen; $1.75 per 100. Single Flowering, 3 for 5 cents; 10 cents per dozen; $1.00 per 100.

ELWESII (The Giant Snowdrops). This is the largest and earliest of all the Snowdrops; flowers almost three times the size of the ordinary variety. It is very desirable for forcing, and slightly fragrant. 3 for 10 cents; 15 cents per dozen; $1.00 per 100.

VARIEGATA. This exceedingly handsome class of flowers is well adapted for winter blooming in the house. They require the same treatment as lilies; in fact, bulbs of each can be grown in the same pot with splendid effect. Sparaxis bear large, somewhat cup-shaped flowers, which well display the rare and beautiful combinations of color seen in this family.

Finest Mixed, 2 for 5 cents; 20 cents per dozen; $1.25 per 100.

TRAPÆOLUM. Splendid, slender, rapid-growing, graceful plants for wire glove and trellis work. When planted in pots, use a light, rich soil, with plenty of drainage.

Var. scarlet, yellow and black, 15 cents each; $1.50 per dozen.

SPIRÆA or Astilbe. (Ready in November.) Japonica. The blooms are borne in large, feathery panicles of white, and last a long time in bloom. Large quantities are forced by florists, though a perfectly hardy herbageous plant. This is undoubtedly one of the most beautiful and graceful subjects grown, its foliage and flowers combined making it one of the finest gems for winter and spring decoration in the house and conservatory. (See cut.) 10 cents each; $1.00 per dozen; $5.00 per 100; postage, 15 cents per dozen extra.

Japonica Grandiflora. New large flowering. The flowers are very large, of the purest white, and stand well above the foliage in charming, airy sprays. Perfectly hardy, and unsurpassed for forcing. Silver Medal Award by Massachusetts Horticultural Society. 15 cents each; $1.50 per dozen.

SCILLA. They are all quite hardy and adapted for cultivation in the open ground, and they are also very suitable for growing in pots.

Campanulata, white. 3 for 10 cents $0.25 $1.75

" blue. 25 1.75

" rose. 25 1.75

Siberica or Praeox, a perfect gem, with flowers Dec. 100. of richest metallic blue, very dwarf and hardy. excellent with Crocus snowdrops. 8 for $0.75 $1.00

Bilolia, beautiful bright blue. 3 for 10 cents 20 1.25

WINTER ACONITE (Eranthis). Their golden blossoms form a striking contrast to the pure white snowdrop, hardy, is also an excellent pot plant. 3 for 10 cents; 20 cents per dozen; $1.00 per 100.

SPRING SNOWFLAKE (Leucojum vernum). Flowers similar to monster snowdrops, and have the fragrance of the violet, blooms early in the spring, with white blossoms, tipped green. 3 for 10 cents; 30 cents per dozen; $2.00 per 100.
PLANTS FOR HOUSE DECORATION
DIRECT FROM OUR GREENHOUSES AT ARLINGTON.

How to Send Money. Remittances can be made in current bank drafts, by drafts on New York and Boston. Post-office orders are preferable to all others, as there is no possibility of loss; but when these cannot be obtained, registered letters are surest to reach their destination.

We Will Guarantee The safe arrival of all plants sent by express. We would earnestly request our customers, on receipt of goods, to notify us at once if they have received any injury in transit, using special care to, in every case, give us a list of what was injured, that we can replace them. When received in good condition, our responsibility ceases. All plants not sent by express are at the risk of the purchaser.

COCOS WEDDELIANA.
The most elegant and graceful of all the smaller Palms. Its slender, erect stems are freely furnished with its gracefully arching leaves, made up of innumerable long, narrow pinnae or segments of a rich green color. The Cocos are admirable for fern dishes, as they are of slow growth and maintain their beauty for a long time. (See cut.)

3-inch pots, 12 inches high, 90 cents each; 4-inch pots, 15 inches high, $1.00 each.

ASPARAGUS SPRENGERI
(See cut) A beautiful new variety of this graceful class of plants, especially useful to grow as a pot plant for house decoration or for planting in hanging baskets, where it makes a graceful drooping plant with branches or fronds, 4 to 5 feet in length, of a rich shade of green; a useful plant for cutting for decorating as it retains its freshness for weeks after being cut. It is easily managed and will grow in almost any position. 25 cents each; $1.50 per dozen.

Aspidistra Lurida Variegata.
A beautiful plant, with large, lance-shaped leaves, finely variegated with clear, cream-colored stripes. An elegant window or conservatory plant of the easiest culture. $1.00 each.

CROTONS. Assorted.
Gorgeously colored foliage plants, suitable for warm conservatories and greenhouses. 50 cents and $1.00 each.

CAMELIA JAPONICA.
We offer splendid plants of these bushy, well-grown specimens; all in splendid health, and of thrifty, clean growth. The varieties are the best, and embrace double white, double pink, double red and double variegated. Price, 1st size, $1.00 each.

BEGONIAS, in Variety. We have a large collection of all the leading sorts, both the flowering and foliage sorts.
25 and 50 cents each; $1.50 and $3.00 per dozen.

AZALEA. Chinese Azalea.
Beautiful plants for window or conservatory decoration. Few plants reward the cultivator more liberally with bloom than these. The plants we offer are fine, shapely specimens, with well-formed heads of the best and most distinct kinds, and even when not in flower are fine decorative plants. Our collection comprises the cream of the best Continental establishments; all the sizes offered will flower freely in proper season. Strong plants by express.

1st size, 14-16 inch heads.............$2.50 each; $15.00 per dozen.
2d size, 12-14 inch heads........... 1.00 each; 10.00 per dozen.
3d size, 10-12 inch heads........... 7.50 each; 7.50 per dozen.
ARAUCARIA EXCELSA. Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep green, leathery foliage, arranged in whorls, rising one above the other, at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. (See cut.) Extra fine plants, 24 to 30 inches high, $3.00 each; 15 to 18 inches high, $2.00 each.

DRACÉNA.

Indivisa (The fountain palm). An excellent contrast when used with palms and other decorative plants in the house, and in this respect is unsurpassed for hardness. 50 cents and $1.00 each.

Terminalis. A splendid plant for house and window decoration, with bright, tropical-looking foliage of rich crimson color, beautifully marked with white and pink in well-developed plants. Good-sized plants for 50 cents each.

FICUS.

Ficus Elastica. The well-known India-rubber tree, one of the very best plants for table or parlor decoration; its thick, leathery leaves enable it to stand excessive heat and dryness, while its deep glossy green color always presents a cheerful aspect. Fine plants, 50 cents, 75 cents and $1.00 each.

GREGVILLEA ROBUSTA.

(The Australian Silk Tree.)

A magnificent plant for decorative purposes, quicker growing than a Palm, and equally effective; of easy growth; finely cut foliage, rivalling a rare Fern. The young growing leaves are a light bronze color, the tips being covered with soft down, closely resembling raw silk, hence the name, "Silk Tree." In its native place it attains magnificent proportions and produces an abundance of bright, orange-colored flowers. The leaves are fine for design, so fern-like and not liable to wilt. No collection complete without it. 25 cents each; larger size, 50 cents.

PANDANUS. Screw Pine.

Pandanus Utilis. Also called Screw Pine from the arrangement of the leaves on the stem. This is one of the most useful of our ornamental foliage plants; excellent for the center of vases and baskets, or grown as a single specimen; for in or out-door decoration. $1.00 to $2.00 each.

Veitchi. This is one of the most attractive of decorative plants. The leaves are light green, beautifully marked with broad stripes and bands of pure white, and gracefully curved. $1.00 to $2.00.

PALMS

Palms are now indispensable in all decorations, whether for apartments, conservatories, or for tropical bedding in summer. The large demand for the past few years has induced us to considerably increase our facilities for growing this class of stock. The varieties enumerated below are those best adapted for house culture.

KENTIAS.

The Kentias, both Belmoreana and Fos teriana, are the hardest in cultivation, and give better satisfaction as a house plant than any other varieties. They are of slow growth, and are not affected by the dust and dry atmosphere of the house, and were we to select one Palm only, it certainly would be a Kentia. The two varieties are of similar appearance, the former being dwarfer and more spreading, and the latter is of stronger growth, with broader, heavier foliage.

ARECA LUTESCENS.

This majestic Palm is thought by many to be without a peer for strength and elegance. 50 cents each for 4-inch pots; $1.00 each for 5-inch pots; larger size, $2.00.

KENTIA BELMOREANA.

4-inch pots, 5 to 6 leaves, 15 inches.............$1.00 each.
5-inch pots, 6 leaves, 20 to 22 inches...........1.50 each.
6-inch pots, 6 leaves, 24 to 30 inches..........2.50 each.

LATANIA BORBONICA.

Chinese Fan Palm. This popular variety is too well known to require description. We grow them at Arlington.
5-inch pots, 6 leaves, 15 inches high...............$1.00 each.
6-inch pots, 6 leaves, 20 inches high.............1.50 each.

Phoenix Reclinata. A strong-growing form of the Date Palm, with dark green, glossy foliage; a most desirable variety.
5-inch pots, 15 inches high..........................$1.00 each.
6-inch pots, 24 inches high........................1.50 each.
7-inch pots, 30 inches high........................2.00 each.

NEPHROLEPSIS EXALTATA BOSTONIENSIS.

Adiantum Cuneatum. A very beautiful and graceful fern, its delicate fronds being much used in cut flower. 25 cents to 50 cents each.

Nephrolepis Exaltata Bostoniensis. A really graceful fern, multiplying very fast in throwing out vines on which grow several plants again. Per plant, 25 cents; 3 for 50 cents; large plants, from 50 cents to $2.50 each.

Nephrolepis Davalleoides Fuericans. A beautiful and distinct crested variety, with numerous arching fronds, 3 to 4 feet long; 50 cents to $2.00.

Davallia Strigata. One of the finest of the ferns for pots and fern pans; fronds of strong texture and of a beautiful shade of green. 25 cents to 50 cents.
HARDY ROSES... FOR FALL PLANTING.
Ready About Oct. 1.

We have an exceptionally fine lot of Hardy Roses two and three years old, grown on Manetti stock, and if planted this fall will give a good crop of bloom next season. The plants are all large, strong rooted, and must be forwarded by express.

We have a large variety of Hardy Roses which we are unable to give the name of on account of space. We can supply almost any variety.

Our selection of kinds, 33 cents each; $3.00 per doz.
Your selection of kinds, 40 cents each; $3.50 per doz.

Abbe Carriere. Velvety crimson, very bright center.
Alfred Colomb. Rich red, very fragrant.
Anna de Diehsbach. Lovely carmine, large double, very free bloomer.
Baron de Rothschild. Bright, rosy crimson.
Baroness de Rothschild. Light pink, often deepening to rose.
Captain Christy. Delicate flesh, rosy center, medium size.
Directeur Jensen. Rosy carmine, with velvet purple shadings.
Duke of Edinburgh. Bright crimson, large, and double.
Fisher Holmes. Crimson-scarlet, perfect form, free bloomer.
Gloire Lyonnaise. Creamy white, shading to lemon in center.
Heinrich Schulther's. Delicate rose, very fragrant.
Jules Margotten. Carmine rose, free bloomer.
La France. Silvery rose, changing to pink, very fragrant.
Magna Charta. Pink, suffused carmine.
Mrs. John Laing. Soft pink, large and fine.
Mme. Gabriel Lametz. A grand pink, much used for forcing.
Paul Neyron. Deep rose, the largest variety.
Persian Yellow. Yellow, the deepest yellow rose.
Ulrich Brunner. Cherry red, a grand variety.

RAMBLER CLIMBING ROSES, 50 Cents Each.
The Crimson, Pink, White and Yellow.

STRAWBERRIES.

POT-GROWN STRAWBERRY PLANTS. Ready by the dozen and 100 after Aug. 1, and by the 1,000 after Aug. 10. Layer plants will not be ready generally till Sept. 1, except in a few cases.

We fill orders for them as fast as possible.

Those marked (P) are pistillate, and will not fruit alone, but should be placed near some perfect flowering variety.

Price, 50 cents per doz.; $2.50 per 100; $20.00 per 1,000.

THE MARSHALL is the largest strawberry ever exhibited, and has taken more first prices since its introduction than any other strawberry ever exhibited in the Horticultural Society's rooms at Boston.

In layer plants about Sept. 1, at these prices.

POULTRY SUPPLIES.

Animal Meal. A specially prepared egg-producing food for fowls. Made from fresh meat and fresh bones, carefully selected, dried, and ground to a smooth meal. 10-lb. bags, 30 cents; 25-lb. bags, 75 cents; 50-lb. bags, $1.25; 100-lb. bags, $2.25.

American Poultry Food. Ground wheat, corn, oats and barley, finely ground. 1-lb. bags, 20 cents; 10-lb. bags, 40 cents; 50-lb. bags, $1.00; 100-lb. bags, $1.65; 500-lb. bags, $7.00.

Boiled Bone, Blood and Meal. Per 100 lbs. $2.25.

Bone Meal. For Cattle. Made from carefully selected bone reduced to a meal. White, clean, and perfectly sweet. 100-lb. bags, $2.25.

Bone Meal, Ordinary. When ordering, please state kind wanted. 100-lb. bags, $2.00.

Cut Clover Hay. 50-lb. bags, $4.20; 100 lbs., $8.00.

Clever Meal, Pioneer. Is clover hay ground to a fine meal, in an especially designed machine to a meal fine as middlings. It is the best winter egg food. 5 lbs., 25 cents; 10 lbs., 50 cents; 100 lbs., $2.00.

Cracked Bone. 5 lbs., 25 cents; 25 lbs., $1.00; 100 lbs., $2.25.

Chicken Food, Greene's. This food is made from selected grains of the first quality, and is especially prepared as a ration on which chickens may be raised with the best possible results. 5 lbs., 25 cents; 10 lbs., $1.25; 100 lbs., $2.00.

Charcoal. It keeps the crop sweet, and as a regulator for the bowels, no better or simpler remedy has yet been discovered. Granulated for use in open dishes. Price, 10 cents per lb.

Grit for Hens, or smaller size for chickens. 5 lbs., 10 cents; 10 lbs., 15 cents; 25 lbs., 30 cents; 100 lbs., $1.00.

Fish Meal or Desiccated Fish, containing the fish and fish bones, steamed and dried, and then ground to a fish meal. 50 lbs., $2.25; 100 lbs., $4.00.

Ground Oyster Shells. Prepared from carefully selected oysters, and ground to the proper fineness. 10 lbs., 30 cents; 50 lbs., 1.00; 100 lbs., 2.00.

Imperial Egg Food. It supports them during molting, and keeps the fowls in the best condition. 1-lb. package, 50 cents; by mail, 65 cents; 2-lb. package, $1.00; by mail, $1.40.

Plaster. A valuable absorbent when mixed with the droppings. Per bbl., $3.00; 1/2 bbl., $1.00, net.

Sheridan's Condition Powder. Well recommended by all leading poultry dealers. 4-oz. package, 25 cents; 2-lb. can, $1.00, net per lb.

Wheat. $1.75 to $2.00 per 100 lbs.

Wheat Screenings. $1.25 to $1.75 per 100 lbs., according to quality.

PIGEON FOOD.

Canada Field Peas. Per qt., 10 cents; peck, 50 cents; bu., $1.25.

Barley. Per qt., 15 cents; peck, 50 cents; bu., $1.25.

Buckwheat. For pigeons and young poultry. Per qt., 10 cents; peck, 50 cents; bu., $1.00.

Hemp Seed. Used largely for feeding birds and pigeons. Per lb., 10 cents; 10 lbs., 60 cents; 100 lbs., $1.00.

Yellow Canada Corn. Small yellow grain. Per qt., 25 cents; bu., $1.75.

Catheters. Excellent for pigeons. 1 lb., 8 cents; 100 lbs., $5.00.

DRINKING FOULTS.

Rawson's Galvanized. 2-qt., 35 cents; 4-qt., 50 cents; 8-qt., 75 cents.

Earthenware. 1-qt., 20 cents; 2-qt., 30 cents; 3-qt., 40 cents; 4-qt., 50 cents.

Nest Egg. Galvanized, 10 cents each; per doz., $1.00.

Wire Nest. Strong, clean, 25 cents each.

Death to Lice. 15-oz. box, 25 cents if by mail, 30 cents; 100-oz. package, $1.00, if by mail, $1.25.

Tobacco Dust. An exceedingly fine powder. Valuable as an insecticide. Per lb., 5 cents, net; per 100 lbs., $2.00.

Tobacco Stems. Used in mixed with nest material, fumigating, etc. Per lb., 5 cents; per bale, $1.50, net.

P. D. Q. Flea Powder and Disinfectant. The greatest remedy known to effectually destroy Fleas, Lice and Vermin on Dogs, Cats and all kinds of Animals, Poultry, Plants, etc. It also prevents the eggs of Vermin from hatching, and stops breeding. 25 cents per package.

French Poultry Killing Knife. This knife is of the finest tempered steel. Price, 60 cents.

Poultry Marker. Used to punch with metal branding, etc. Price, 25 cents.

CLIMAX LEGS.

In different sizes from 1/2 inch to 1 1/2 inch. Price, 25 cents per doz.; $1.75 per 100.

Aluminum Leg Bands. Numbered or lettered. Per doz., 10 cents; per 100, $2.00.

Manu's Swinging Feed Tray. Is 6 1/2 inches wide, 3 inches deep, and 3 1/2-3 1/2 inches long. It is made in one piece of galvanized iron. Can be screwed to side of building, can be screwed to overhead board or timber. Always holds tray in correct position. It is equally useful for water or feed. 18-inch, $1.50; 25-inch, $1.25; 36-inch, $1.50.

Standard Bone Cutters. Automatic feed and stop cutter, with balance wheel for hand use. The two cylinders are horizontal, fitted to a cutter plate with the corrugated knives, each revolution producing six cuts.

HOMER CITY INCUBATORS.

HOMER CITY INCUBATORS. The new X-Base Regulator controls the temperature both above and below the eggs, thus guarding against a change of temperature in any part of the egg chamber. The ventilation is so arranged as to prevent draughts of air, and the openings to the ventilating shaft being in the bottom of the egg chamber, renders it impossible for injurious gases to collect; thus insuring pure air at all times during incubation. The incubators are provided with adjustable tray slides, and the extra doors at the bottom and the smooth floors make the cleaning out of the machine an easy matter. All machines are packed with asbestos to guard against fire and prevent climatic changes affecting the inside temperature. 100-egg capacity, $20; 200-egg capacity, $25; 300-egg capacity, $30; 400-egg capacity, $40. For additional information, see catalogue.

Special catalogue sent on application.

W. W. RAWSON & CO.'S AUTUMN CATALOGUE.
### Woodason’s Vaporizing Bellows
This shows a spray as fine as mist, rendering the use of strong solutions of kerosene, fine tree oil, tobacco, soap and poisonous fluids perfectly safe on lawns, flower beds, and surrounding foliage of plants, killing insects without burning the leaves; it also forces the fluids into every crevice. Price, large size, $2.00; small size (for house use), $1.00.

### Fumigators
For smoking greenhouses; self-acting, and may be left with perfect safety; all the materials consumed, and gives off a dense smoke; made of extra heavy galvanized iron.

**BOSTON**
- No. 1. 20 in. high, holds $\frac{1}{2}$ bu. stems......$3.50
- No. 2. 24 in. high, holds $\frac{3}{4}$ bu. stems......$4.00
- No. 3. 28 in. high, holds 1 bu. stems......$4.50

**EUREKA**
- No. 1. 12 in. high, holds $\frac{1}{8}$ pk. stems......$1.25
- No. 2. 16 in. high, holds 1 pk. stems......$2.50

MUSHROOMS. The culture of Mushrooms to those easy, but it is a subject of much difficulty to the novice. We cannot attempt here to give at length the necessary directions, but refer the inquirer to our Special Catalogue, or some of the various publications upon the subject.

Our celebrated English Millbank brand (made by the best makers in England) has gained a reputation among correct growers for its uniform goodness, and can be thoroughly relied on to produce a good crop of the best mushrooms. Price, 12 cents per lb.; 10 lbs. for $1.00; 100 lbs. for $9.00.

BOWER'S AMMONIATED FOOD FOR FLOWERS.

A Fertilizer largely soluble in water, free from odor, and clean to handle. It is made expressly for flowers grown in the house or garden. It contains the same plant food as stable dressing, and produces the same results, without giving off in the room that offensive and unhealthy odor which arises from the application of stable manure. It produces a healthy, luxuriant growth, and induces early and generous flowering, and cannot in any way harm the plants if applied according to directions, which are very simple, and accompany each package. 15 and 25 cents per box; by any mail, 20 and 40 cents. The best and strongest made.

GRASS SEED. A large stock of all varieties always on hand at market price.

JADOO. Thompson's Jadoo Vegetable Fibre, a new growing substance for all kinds of plants, used same as soil, for potting or sowing plants, or for sowing seeds. 5 lb. box, 30 cents; 10 lbs., 50 cents; 25 lbs., $1.10; 100 lbs., $3.00.

Jadoo Liquid. For sowing and fertilizing plants potted in Jadoo or soil. 25 cents per bottle (unmaiilable); $1.50 per gallon can. Special circular sent on application.

SHEEP MANURE. This is a pure natural manure, and the most nutritious food for plants. It is excellent immediate, much more lasting and healthy than guano or any other manure. It is the best of all manures for mixing with the soil, and makes the richest, softest, quickest liquid manure, rivaling guano, without any deleterious effects. For flower or vegetable gardens, and as top dressing (or lawns, it is unequalled.

DIRECTIONS. For mixing with soil, take one part manure to six parts soil. For making a liquid, take one pound manure to five gallons of water, which can be used with safety daily if necessary.

Price, 5-lb. package, 25 cents; 10-lb. package, 50 cents; 100-lb. bag, $2.25; ton, $40.00.

ROTTED FIBROUS PEAT. Having constant demands for Rotted Peat from many of our customers who want it, we have secured a quantity of the finest fibrous peat, to mix with other soils for use in potting plants, which has become thoroughly rotted and is invaluable for potting plants. Price, 1/2 peck, 20 cents; peck, 30 cents; bushel, $1.00; barrel, $2.00.

POTTING SOIL. Specially prepared for potting plants, with a sufficient quantity of whale bone ash. Price, 1/2 peck, 20 cents; peck, 30 cents; bushel, $1.00; barrel, $2.00.

The photograph represented in the above shows only eight of the twenty-five greenhouses at Arlington. Giving, as it does, only a partial view, one can readily imagine the extent of our plant and the facilities we have at Arlington to conduct our plant business. During the winter we use all of these houses in growing flowering plants and vegetables. Many of them are used for growing lettuce. You will notice in the distance, between the last two houses, six electric light poles on which are six large arc lights; these are used at night for forcing the growth of lettuce. We grow the New Hothouse Lettuce introduced by us, which is especially adapted for growing inside.—W. W. Rawson & Co.
RAWSON’S ARLINGTON LAWN SEED

A MIXTURE OF EXTRA RECLEANED SEEDS

It has been the aim of this firm to obtain the best mixture of grasses for lawns. The result has been many trials of the different varieties, many changes in our mixtures, as our experience has taught us from time to time, and today we are confident that Rawson’s Arlington Lawn Seed is the best that can be had for obtaining a beautiful deep green color in a short time from planting and retain the same during the season. It has no tendency to grow in clumps or stools, as we have allowed no grasses of this nature to be in the mixture. The Rawson’s Arlington Lawn Seed is made up from extra re-cleaned seeds of the close growing varieties. We have taken special care that no light or slow growing varieties be included in this mixture, so that when the seed is sown, if the ground is in proper shape, it will start at once and in a few days look green.

The Arlington Lawn Seed being free from chaff starts at once before the weeds. This alone is worth more than the price of seed to anyone seeding a new lawn. It requires less seed to sow the lawn, weighs 92 pounds to the bushel. 1 quart will sow 600 square feet, 20 cts. 2 quarts will sow 1,200 square feet, 30 cts. 4 quarts will sow 2,400 square feet, $1.00. 8 quarts will sow 4,800 square feet, $2.00. 2 bushels or 64 lbs. will sow 1 acre, price per bushel, $7.00.

RAWSON’S VELVET LAWN GRASS MIXTURE.

This mixture has been sold by us for the past twelve years and has always given satisfaction; it is composed of fine growing grasses. Many of the fine growing varieties, it is well known, have light seed which is almost impossible to obtain free from some chaff, and it is somewhat longer in germinating, but when once above ground, if properly managed, will produce a fine velvet lawn and permanent sod. Weights 16 lbs. to bushel. 1 qt. will sow 300 sq. ft., 20 cts. 2 qts. will sow 600 sq. ft., 30 cts. 4 qts. will sow 1,200 sq. ft., $1.00. 8 qts. will sow 2,400 sq. ft., $2.00. Sow 4 bushels, or 64 lbs., to the acre. Price per bushel, $4.00.

We make a specialty of breeding Medium Yorkshire Pigs. The above photograph represents our main building, used entirely for this purpose. We keep 150 breeding Sows all the time, and are in a position to supply Pigs at any age desired, immediately.
